Meal Starter Bottle

complete	210 462	\$46.95	\$42.95
repl't teat	210 463	\$9.95	\$7.95
opt'l milk teat	211 769	\$9.95	\$4.95
opt'l steel bkt	210 466		\$32.95

An improved bottle for feeding meal or 'starter' dry feeds to calves. The special teat feeds the meal just like feeding milk. Suckling action makes the calf produce greater saliva than when feeding from bucket or trough, thus aiding digestion. Calves can start on this feeder as a supplement feed from 1 or 2 weeks old. No waste or mess. Feed is always clean and dry. Supplied complete with screw-on plastic mounting bracket. Optional extra, strong steel bracket available, especially for use by large strong calves. Also optional is a milk-feeding teat so bottle can be used as normal milk feeder when required. Bottle capacity 4 litres.

NB: Teat slit should be vertical for correct operation. Teats also fit Braden bottles. Secure plastic bracket to rail before attempting to attach feeder to it. We recommend use of optional steel mounting bracket.

Calf Feeder Tubes Brush

40cm long	200 990	\$4.65
60cm long	200 991	\$6.25

Ideal brushes for cleaning calfeteria tubes. Available 40cm or 60cm long, both 6mm diameter nylon bristles on a twisted steel wire shaft.

ON SPECIAL

Milk Transfer Pump Kit 240v

complete 211 193 \$499.00

Complete kit to set up milk transfer ideal for use in calf feeding. Includes 100 litres-per-minute 240v pump with 10m power cable, 10m of non-kink delivery hose, all-plastic dispensing nozzle plus all fittings required. Float switch controller on pump.

NB: Actual kit may differ slightly from photograph here.

ON SPECIAL

complete 211 194 ~~\$425.00~~ \$399.00

Complete kit to set up milk transfer ideal for use in calf rearing. Includes 45 litres-per-minute 12 volt pump with 3m battery-clamp cables, 10m of non-kink delivery hose, all-plastic fast-flow dispensing nozzle plus all required fittings.

NB: Actual kit may differ slightly from photograph here.

PRICE REDUCED

Calf Feeder Tube Excal

roll of 30m 209 593 ~~\$42.95~~ \$35.95

PVC tubing specially for use in tube-delivery type calfeterias and calf feeding buckets. This tubing fits all Excal teats and components, such as tube grommets and tube stop valves. Also suitable all New Zealand-manufactured teats. Dimensions: 11mm o.d. x 6mm i.d.

Calf Feeder Tube Australia

roll of 30m 209 237 \$59.95

PVC tubing specially for use in 'Australian' standard calfeterias with black rubber teats marked 'SPEC RUB AUST' (see our product 206 687). Dimensions 15mm o.d. x 10mm i.d. Not suitable for Excal teats or stop valves, etc.

Calf Sling Griffiths

210 075 \$49.95

The Griffiths Calf Sling is useful for many calf handling tasks. The sling is a handy guide-and-control device when moving a young calf on its feet instead of having to carry it. It makes a quick and comfortable sling for weighing a calf. The Griffiths Calf Sling is quickly and easily attached. Just slip the velcro webbing under the calf's body, and secure. The fibreglass rod keeps the straps correctly placed, even when the sling is used as a weigh cradle, ensuring the calf remains comfortable and quiet.

Calf Weigh Cradle

210 065 \$89.95

Specially designed cradle for lifting or weighing a calf on. All zinc plated.

NB: Even though this cradle is comfortably shaped, a calf should not be hung in it any longer than necessary.
