

PATENTED

Taragate Handle Clip-Away

each 206 414 \$9.75
5-pack outer \$9.25 each

This is a revolution in gate handles. If you have used a standard handle you will know when you swing it across the race or back of the fence and clip it on to a fence wire, it slides back along the wire dropping onto the ground. The patented Clip-Away design stays where you put it on the fence wire. And if the fence is live the Taragate will be live. As well as this unique design feature, the Clip-Away handle is extra-heavy duty, containing 30% more plastic, than competing handles, and is more resilient when driven over, etc. And the usual Taragate white makes it more visible. There is no better gate handle.

Taragate Handle Budget

each 206 411 \$5.85
5-pack outer \$5.55 each
repl't spring only 206 412 \$2.85

To cater for the price conscious, Taragate also produce a budget handle. This handle can be perfectly satisfactory where the special Taragate Clip-Away handle feature is not of any advantage. (i.e., gateways not opening into a raceway, etc.) Usual Taragate high-visibility white. Replacement spring available. Very strong and long lasting.

Taravator Gate Activator

each 206 430 \$5.95
20-pack outer \$5.55 each

The Taravator gate activator is the device which the Taragate handle is hooked on to. It serves as anchor point and current conductor. The stainless steel pin bolt has double nuts with washers, to which the fence current lead is secured. Taravator's features are the big sturdy 4-point securing base plate, and the wide latch point for easy latching. It can be mounted horizontally or vertically. Guaranteed for 5 years. This is the best activator available.

Taratape 20mm

100m roll 206 424 \$62.95

This tape was specifically developed for use on Taragate's two and four strand Taragates. Usual Taragate white containing 10 stainless steel conductor wires. Its 2430 ohms/km specification also makes it useful as a higher quality fence tape for use in more demanding situations, e.g. for horses.

Taratape 40mm

100m roll 206 425 \$119.00

Specially developed for gate use where high visibility is the most important factor. Contains 15 stainless steel conductor wires for greatest reliability (competitors use 10 or 12). Ideal for horses.

TARATAPE GATE TAPES

Electric tape to use on gates has different requirements to tape for temporary fence use. It has to be much more resilient to being driven over, stomped on by a herd of cows, stretched and abused, chewed, and more. That is why Taragate make it specially. As well as having extra woven material, Taratape uses heavier stainless steel conducting wires, and in the case of their 40mm tape, more of them.

Tarabuckle

stainless 20mm each 206 397 \$3.15
metal 40mm each 206 396 \$3.15
white nylon 40mm ea 206 398 \$1.25

Replacement buckles for tape Taragates, or for use with any tape gates. Useful to secure tape ends, adjust length as required, and to conduct current. The stainless buckle is for 20mm tape, and the metal and plastic for 40mm tape.

WHITE COLOUR

All Taragate Ltd fence products are white, based on research showing that white is most visible to animals and humans in rural fencing situations.

INSTRUCTIONS SUPPLIED

All Taragate products are supplied with full instructions for use, including detailed diagrams.

Taracorect Bungy Connector

each 206 399 \$3.25

This simple little set allows quick and easy bungy connection without any knot tying, at the same time as ensuring 100% conductivity to all six stainless steel strands in the Tarabungy cord. An assembly instruction is included with each connector. Make up your own gates of any type with this handy little device.

Taratite Wire Strainer

each 206 429 \$3.85
25-pack outer \$3.50 each

Taratite is Taragate's new lightweight nylon roll-up wire strainer. Steel locking clips secure wire. This UV stabilised plastic material is lower cost and lighter to pack than metal strainers, but will last just as long. Sturdy lug enables wire tensioning with any round bar or screwdriver. Just slip strainer onto any wire and roll up to tension.

Taracorect Wire Connector

each 206 404 \$2.65
25-pack outer \$2.35 each

Taragate Tension Spring

each 206 415 \$2.85
Replacement strand-spring for 4-strand Taragate.

Tarapost Reel Anchor

each (reel not incl) 206 419 ~~\$109.00~~ \$99.00
