

Container Lifter Aerofast 2-pack

1,600kg **219 373** \$115.00

Intermediate Bulk Containers (IBCs) are in common usage in agriculture. Although they can be lifted and moved with forklifts, the farmer is not always equipped for this. The Aerofast IBC Container Lifter strap set solves the problem. Used as a pair, they are safe to lift a total of 1600kg S.W.L. There is an innovative snap-hook system incorporated for securing the lift loops to prevent dangerous spread and potential dropping of the load.

Drum Lifter Aerofast

500kg **219 371** \$65.95

Lifting 200-Litre drums right-way-up is always a problem. The Aerofast drum lifter is the solution. The heavy duty 50mm perimeter strap is clamped up tight around the top of the drum. The heavily-reinforced lift loop is then hooked over the lift device. Drums up to 500kg are safely lifted.

Tie-down Aerofast UTV Restraint

1.5m x 37mm **219 372** \$109.00

This kit contains 4 of these very-heavy-duty special restraints - each capable of 1,000kg strain. Each restraint features a medium-duty Aerofast ratchet and very-heavy-duty 12cm-long carabiner hooks at each end. There is also a useful mid-point eye for hooking off to. This kit has been developed especially for tying down ATVs, UTVs and other light mobile vehicles.

Cargo Net Aerofast Supastrap

small '7x4' **218 017** \$49.95
large '8x5' **218 018** \$62.95

The Aerofast Supastrap net is a lightweight material but still very strong and resistant to snags or rips. The net has heavy-duty webbing sewn into the whole perimeter. The 6mm perimeter bungee cord is attached to this. Also there are 8 removable plastic hooks supplied to give extra security. Dimensions are the ideal trailer sizes for these nets. Not waterproof.

Cargo Net Aerofast Heavy Duty

small '6x4' **218 019** \$129.00
large '8x5' **218 020** \$165.00

This is the ultimate trailer cover. Very heavy duty anti-slug, anti-rip mesh material, with two centrally located 50mm webbing and cam-lock straps, plus all-round heavy duty 8mm bungee cord and extra cam-lock tie-downs at each corner. This net is suitable for almost any material you are likely to haul on your trailer - from rubbish or firewood to furniture. **NB:** Net is slightly bigger than the trailer size listed above, to allow for loaded dimensions. Not waterproof.

Bungy Little Grippa

5mm x 60cm 4-pk orange **220 321** \$17.75
5mm x 60cm 4-pk reflect **220 318** \$19.95
5mm x 120cm 4-pk orange **220 320** \$19.95
8mm x 100cm 2-pk blk/y/w **220 333** \$17.95
8mm x 100cm 2-pk reflect **220 323** \$20.95
8mm x 150cm 2-pk blk/y/w **220 322** \$20.95

The problem with regular two-hook bungy cords for many uses is that they are either a bit long or a bit short. The new Little Grippa bungies have solved that problem. With the smart cleat on one end, the cord is simply inserted in and pulled down into the cleat. Pull the cord up again to release. **NB:** Note 'reflective' option - for night visibility. Cords are black with white bands

Shovel Plastic

blue **214 402** \$69.00
green **214 403** \$69.00
red **205 708** \$69.00
white **205 709** \$69.00
yellow **214 404** \$69.00

This one-piece shovel is amazingly strong. Even driving over it will not kill it. Made of high density impact-proof UV-stabilised food grade plastic. Light to use. Hygienic. No risk of creating metal filings in grain trucks, etc. It is even guaranteed against breakage (normal wear and tear) for 12 months. Dimensions 35cm wide 112cm long.

Shovel Aluminium Loadmaxx

214 196 \$79.00

This is the ideal grain shovel. Aluminium blade, fibreglass shaft and moulded soft-grip plastic handle. Great to handle, even on hot days. Lightweight. Easy to load. Darn near unbreakable.

Bottle Pump

4ml/stroke **200 864** \$10.95
30ml/stroke **200 865** \$22.95

Handy plastic pumps suitable for most locally manufactured plastic containers with 38mm threads. Cut suction tube length to suit container depth (up to 25cm).
