

## CLIPPER HEINIGER...

### HEINIGER ELECTRIC CLIPPERS

Swiss company Heiniger is a well known manufacturer of high quality equipment, particularly for sheep shearing and management. Using this experience, Heiniger have developed a range of high quality, reasonably priced, electric clippers. All Heiniger clippers feature unbreakable and lightweight glass-fibre-filled polyamide motor housings. Power cables are 5 metres long, with a flexible protective sleeve to prevent damage at the clipper entry point. A patented Heiniger feature on all clippers is the adjustable blade tension system. All Heiniger clippers are supplied in a compartmentalized protective carry case, and include clipper screw driver, lubricating oil and cleaning brush.

All Heiniger clippers are supplied with a fine-cut 31F-15 blade set ideal for horse clipping.

### Machine Cordless 7.2v

complete 210 645 \$755.00  
extra battery 213 151 \$289.00

The Heiniger Cordless clipper is the ultimate in versatility, giving one hour of non-stop clipping on a fully charged battery. A flat battery will be recharged in one hour, ensuring you have no gaps in clipping work. The cordless clipper is no heavier than a cord clipper, but versatility is increased dramatically. Motor power is 100 watts. Cutting speed is 2,100 rpm. Handpiece weight is 1.2kg. **NB:** The Cordless clipper is supplied with just one battery. A 240-volt charger is included.

### Machine 240v

complete 213 155 \$865.00

The Heiniger Clipping Machine is the most powerful clipper in the range. It uses the same fan-cooled motor as the proven and dependable Heiniger shearing handpiece, and in fact can be fitted to the standard Heiniger shearing head. The clipper is smooth and super-reliable with a counter-balanced crank movement. The 31F-15 blade supplied gives a close 0.5mm to 1mm finish, ideal for horse clipping. Motor power is 320 watts running on 240v mains power. Speed is 2,200rpm. Handpiece weight is 1.85kg. Operating noise only 81dB.

### Delta-3 240v

complete 213 152 \$725.00

The Heiniger Delta-3 features three clipping speeds for greatest versatility. At lower speeds the clipper runs quieter and smoother, ideal for sensitive areas such as head and legs. Full speed can be used for main body-clip areas. Noise output is 77dB. Motor power is 180 watts making it the most powerful 3-speed clipper on the market. Motor speeds are 2,100, 2,800 and 3,200 rpm. Handpiece weight is 1.32kg.

### Machine 12-volt

complete 213 154 \$885.00

This very versatile clipper can be run from any 12-volt battery, providing clipping anywhere, any time. Motor power is 220 watts, equivalent to a mains-operated clipper. Cutting speed is 2,300 strokes per minute. Running time is 4-5 hours on a fully charged car battery. Handpiece weight is 1.25kg.

### Clipper Comb Set E-Z Guard

set of 3 201 447 \$75.95

These cast-alloy guards have rounded edges to prevent injuries on and from kicking or fractious animals. Assure consistent fast blocking. Fit Oster 510 & 610 Clip Master and Sheep Master models, Heiniger and other horse clippers of most brands. High quality combs made by Stone Manufacturing Inc., USA. Set of 3 combs, depths 10mm, 13mm and 16mm. Mounting screws are included. Comb dimensions are 80mm wide x 75mm long.

### Progress 240v

complete 213 156 \$699.00

The Heiniger Progress clipper is lightweight and comfortable to use. It is quiet running and has a soft rubber grip. Noise output is only 72dB. Motor power is 65 watts, running on 240 volt mains power. Motor speed is 2,200 rpm. Handpiece weight is 0.93kg.

### Blade Set

fine 31F-15	210 810	\$119.00
normal 31-15	210 811	\$99.00
coarse 21-23	213 147	\$105.00
surgical 53-23	213 150	\$165.00

The 31F-15 (fine) blade set is supplied standard on all Heiniger clippers. Numbers refer to number of teeth on top and bottom blades (eg 31-15). The 53-23 blade is ideal for freeze branding clipping. The 21-23 blade for tail trimming. These blades also fit most similar clipper brands.

### Clipper Hand Cutter Coarse

201 449 \$66.95

Very useful clipper for dogs, sheep, horses or cows. Especially good mane and tail clipper. Simple and easy, anywhere anytime. 5cm wide cut at 3mm depth. All stainless steel. Length 27cm o.a.

### Clipper Hand Trimmer Coarse

201 451 \$29.95

Easy to operate clipper for general use. Economy model. Length 15cm o.a.
