

WATER FILLER....

Troughomatic

207 149 \$13.95

The Troughomatic water filler clips over any handy bowl, container or trough. The unique feature of this model is that it takes a standard water tap quick-fit hose coupling (Nylex, etc). This makes it ideal for garden and small block use where short-term connection may be most convenient. Water fills up in the container to shut off the float valve. Two water level settings, by adjusting brackets depth. Brackets opening to 50mm wall thickness.

Reln

complete 207 147 \$29.95

A covered water valve which can be hung over the side of a variety of water containers, from plastic bowls through to old milk vats. The Reln all-plastic water filler is corrosion proof and reliable. The float is livestock proof. Two water level settings by adjusting brackets depth. Maximum pressure 70p.s.i. for 375 gallons per hour flow. Standard 20mm (3/4") fitting. Brackets maximum opening 42mm.

Stainless Monoflo

207 148 \$39.95

Livestock-proof water valve to hang over the side of any suitable container or trough. Stainless steel body and brackets with plastic water valve components. Fitting for 15cm (1/2") water connection. Bracket opening to 52mm. From Monoflo, USA.

WATER BOWL....

WATER BOWL USAGE

Use to water stock on roadsides, or strip grazing away from a trough (place just under electric wire), or for watering calf pens or stock yards (ideally place in a corner). Mount on a post or rail - all have mount holes in rear. All have 15mm (1/2") water fittings, and are suitable water pressure up to about 50psi.

Nylon Farmhand

complete 214 022 \$49.95
repl't float ass'y 207 135 \$9.95
valve rubber 211 845 \$1.25

Hinged stainless steel lid for easy access to float assembly. Drain incorporated. Capacity 4 litres. Spare valve seal supplied. Dimensions: 28cm L x 28cm W x 12cm D.

NB: Not suitable for water pressure over 55 p.s.i.

Stainless Farmhand

complete 214 023 \$69.95
repl't float ass'y 207 135 \$9.95
valve rubber 211 845 \$1.25

Same bowl as previous. Just new 'Farmhand' packaging. Stainless steel manufacture, with hinged lid assembly. A feature of this bowl is the sloping to the front bottom, which brings any debris forward for easy cleaning. A post-mount backstrap is supplied. Plastic float assembly. No drain incorporated. Capacity 2.5 litres. Spare valve seal supplied. Dimensions: 25cm L x 27cm W x 11cm D.

NB: Not suitable for water pressure over 55 p.s.i.

PRICE REDUCED

Little Giant Galvanised

complete 209 119 ~~\$64.95~~ \$59.95
repl't float ass'y 209 171 ~~\$49.95~~ \$16.95

Well known brand manufactured in USA from heavy gauge draw-quality steel, galvanised for long life. Swing up lid for easy cleaning. Bowl slopes to front to enhance water capacity and ease cleaning. No drain incorporated. Water level adjustable. Capacity 2 litres. Dimensions: 25cm L x 27cm W x 12cm D.

Stockbrands

complete 207 105 \$55.95
repl't float ass'y 207 108 \$27.95

Proven reliable, Australian-made by Stockbrands Co., this plastic bowl is ideal for reducing animal injuries in pens or yards. The float cover is bolted down and swings open. Bowl is very strong. UV stabilised. No problem with frost. Drain incorporated. Capacity 3 litres. All parts available. Dimensions: 25cm L x 25cm W x 13cm D.

WATER BOWLS MOUNTING

Most of our livestock water bowls are designed to slope forward when mounted on a vertical surface. This is to cause the water to run to the front to be used by stock, reducing possible stagnating. The float angle should be adjusted so water fills nearly to overflow at the front edge of the bowl.

PDA Diary Pouch Leather

211 189 \$34.95

A portable PDA is becoming a regular item for many farmers. Our leather pouch solves the problem of how to pocket it. Double-dome cover. Very good durable protection for PDAs up to 14cm long x 11cm wide x 3cm thick.
